

For Camping Playa Brava the health and safety of our customers, employees and partners are an absolute priority. In order to provide you a safe holiday, we inform you about some fundamental rules of coexistence in the campsite, adapted to the current situation.

These measures are based on the application of the sanitary protocol approved by the Spanish Ministry of Health

Keep on mind:

- To maintain the social safety distance of 1.5 meters. Where this distance cannot be guaranteed, wear a mask.
- To respect the maximum capacity indicated in the common areas.
- To follow our staff indications and advice.
- To use the bathroom in your own accommodation. The sanitary facilities will be reserved for customers who are camping on a pitch.
- To wash your hands regularly.
- To pay preferably by card when possible.

For this purpose, we have:

- Reduced the paperwork at reception, the new online check-in service has been implemented.
- Installed screens to separate the receptionist from the client and established a maximum capacity of 5 people at reception.
- Installed information boards referring to fundamental rules.
- Designed the menu cards of the Bar-Restaurant that you can see in your mobile phone by scanning a QR code. Table reservations are also accepted per telephone +34 972 66 75 83
- Prepared our employees in the prevention of risks related to Covid-19

In addition:

- We will provide disinfectant gel to customers and staff at different points on the campsite.
- We will clean and disinfect correctly our facilities with special virus approved products.
- We will offer an adapted entertainment program.

The pool and the football field are open, but only families of one household may be together.

Fortunately, the beach in front of the campsite is wide and extensive, so no restrictions are expected.
